### Preface

The purpose of this Bible study booklet is to guide new readers who have limited knowledge of the Scriptures through the book of Acts, helping them focus on some prominent themes in order to learn important lessons about God, Jesus, people and life. It is intended that either non Christians or new Christians can effectively profit from this Bible study.

This Bible study can be easily done by individuals, or two friends reading the passages and discussing the questions can fill out the booklet together. It can also be used as a guide in a group Bible study. The leader and the other members of the Bible study group should read each lesson and answer the questions before coming together to go through it together or before discussing key points and applications as a group.

This book is number 1 in a series of 3 booklets. Each Bible study book covers 8-10 chapters of Acts. Each book has a small quiz or test at the end which can be filled out. When the test is successfully completed, give them to your Bible study supervisor. A certificate is available from the Lubwisi Literacy Office at Nyahuka for those who successfully complete all 3 of the Acts Bible study tests/quizzes.

The Bwisi people live in the Bundibugiyi District of southwest Uganda as well as across the border in DRC. They number about 300,000 speakers. They are mostly farmers.

If you want more information on the Bible study books available in the Lubwisi language, contact your Area Literacy supervisor or the Lubwisi Literacy Coordinator at Nyahuka.
